VEGAN FOREVER (LYRICS):

-INTRO:

Only built for vegan beats. Only built for vegan beats. Only built for vegan beats. Ughh.
The future is here..

-CHORUS:

I'll be vegan forever, and I will never let them down.

-VERSE1:

Yo! I'm packing a cat in the back of the van, in a trap that I borrowed from my neighbor. I gotta return it tomorrow, damn! Now that I got your attention in span, my animal lovers raise your hand. What you had for breakfast this morning, eggs or ham?(uuhumm) With cheese on it and washed it down with some juice or a gracious glass of breastmilk(I know), but not your mothers, an udder's. Get it? Cows, udder/another mother's breast milk, man come on! Stop!(stop!) Bring it back, I just tricked you cause there ain't no such thing as an animal lover that eats animals or animal products. So if you raised your hand cause you love 'em but then said you ain't have eggs & ham. It was eggs and turkey bacon, I'd say that you're buggin'. It's all the same just like your mothers niece or your cousin. Stop the suffering. Why you think I dumb the way that I dumb over my percussion? I ain't from Philly, my name is Philly. I'm from Flushing(Queens).

-CHORUS:

I'll be vegan forever(and ever), and I will never(I will never) let them down(the animals).
I'll be vegan forever(and ever), and I will never(I will never) let them down(the animals).

-VERSE2:

1 for the treble(ughh), 2 for the bass(ughh), 3 to veganize everything that blesses the plate(ahhuhh), 3 1/2 veganize everything that dresses the frame. 4/for no reason other than hurting animals is insane. You're wearing what? What the heck is wrong with your brain? You're eating who? What the heck is wrong with your brain? The food chain?! Give me a break and break the chain. Respect the ring tho. The circle is all V-gang. It's time to pop that little bubble you're in. The animals are calling and they want to know who's coming to save them? It's an emergency. Can you bring a friend? One person makes a difference. Could you imagine ten? Imagine living in a world where compassion is King, or Queen. I go from daylight to night time to daylight again. Doing everything that

I can not to hurt one of them. And I'll do it from daylight to daylight right till the end.
Vegan forever!

-CHORUS:

I'll be vegan forever(and ever), and I will never(I will never) let them down(the animals).
I'll be vegan forever(and ever), and I will never(I will never) let them down(the animals).
I'll be vegan forever(and ever), and I will never(I will never) let them down(never)
