SO VEGAN (LYRICS):

-INTRO:

Yeah! It's that vegan shit right here baby. I'm so Queens with it. I'm so vegan with it. Check me out!

-VERSE1:

I'm so vegan I don't even count sheep when I'm sleeping. (ughhh) I'm so vegan I don't kill, I feed 2 birds with 1 scone, peep it. Yo! I'm so vegan I come in restaurants and yell at meat eaters while they're eating. Yo! I'm so vegan I put stickers on fur coats every winter season. Yeah! I'm so vegan I would never bite the Impossible burger, that shit is cheating. They test on rats you see, and what might be good with you ain't good with me. (ughhh) Why? Cause I'm vegan. I like to steal chickens out of live markets on some sneak shit. Animal liberation is a habit. At home i got 6 black cats and a white rabbit. Don't wear leather, ain't no feathers in my jacket. I see you kick a dog, your head I just might crack it. Treat your face like a fucking hockey puck and slap it. Or maybe I'm an addict addicted to static. I never call another living being's skin fabric. Yo! I'm so vegan I would never tongue kiss a chick that eats flesh and secretions, but If she's vegan I'm filleting like I'm praying on my knees every weekend. I'm from New York. My jungle is made of cement. This the only jungle where the gorillas ain't vegan. Banana clips these gorillas will leave you leaking. I've been living like this for a while. If it ain't vegan I throw that shit on the floor YDB style. Yeah I know that shit is kinda wild, so make sure my shit is vegan every time that I beast out. Yo! I'm so vegan I traded in my peace sign for a V sign, peace out! But before I go I just thought I'd let all yall know I'm so vegan.

-OUTRO:

Yeah! You know I'm saying. The world is changing. Get with it. You know I'm saying, or we ain't gonna have a world to enjoy. I'm out!
