DOWN (LYRICS):

-INTRO:

We who are oppressed love those who fight against oppression and the oppressors.

-CHORUS:

Drop it, Drop it Drop it, Drop it now. Put the meat fork on the fucking ground. We've been grinding trying to spread the word for the animales all over the town. I wear my love on my fucking crown. My sleeve is hidden so I won't permit it. I'm about the business man you know I'm down! You know I'm down man! You know I'm down! You know I'm down man! You know I'm down man! You know I'm down man! You know I'm down!

-VERSE1:

Wake your science up, consciousness on! Magnetic! Peace to the form. Years before you, the immortal Lord. Aesthetics, body no lard. Nobody's dead body, my body is no yard. Digest what I said and feed the thought. Beef from me only defeats the cause, when I'm on the street fighting for peace of course. Let me lay it down smoothly. Sometimes the fast shit don't move me. I'm a G! I'm a G! Put a V and a E before it. I'm in a vegan spot, I see fur walk in, it's my obligation to go inform them. Can it be? Can it be, we goin' see a fur free NYC? (ughh) Can it be? Can it be? Until then you goin' see us swarming. Btw you know The Rza is vegan too. I think that shit is fukkin' awesome! (V-GANG)

-CHORUS REPEAT:

-BRIDGE:

I've been talking and talking to people, about compassion. They think that I'm out of my mind, they look at me like I'm missing a fraction. They don't recognize the pain. That's why I had to take action. How could they be so cruel? How could they be so cruel?

-VERSE2:

My style is all over the place. Just kidding, it's right up in ya face. All I got is information and disgrace. Run with me, I'm that chase! Shit's too real got no time to waste. It's too late you done caught a taste. You're hooked on me Gardein fish cakes. I'm good for you. I'm so plant based!. Every rhyme I write gets outshined by the next one. Bless the child and the breast they fed from. You ain't a cow, cow milk is dead son. Dairy kills! Google IGF1. Don't want to sound like a vegan Rev Run. See I don't just rep some, I rep all. But

when I rap I'm ripping rappers heads off! (ughh) Please forgive me for the cruelty!
(ughhh) Please forgive me for the cruelty! One thing I won't apologize for is the new me.
(yahh) But this is years in the making. (ughh) And like the pork eater hater (YO!) I gotta
say fuck bacon!
